Students Ranju Chhetri and Reday Rai while receiving their memento for winning Debate and Essay writing competitions respectively

As for the creation of innovative resources and educational activities, we imagine interactive workshops on voter education, mock parliament to simulate the process, and perhaps even a lively debate on electoral reforms. These initiatives not only enhance students’ understanding but also foster a sense of civic responsibility. Our efforts ripple beyond the college walls. Each informed voter we empower contributes to a stronger democracy. The ELC’s unwavering commitment to facilitating voter registration ensures that no eligible student is left behind. This comprehensive approach not only prepares students for active participation in the democratic process but also nurtures a more engaged and knowledgeable citizenry. By effectively bridging theoretical knowledge with practical experience, the ELC plays a crucial role in strengthening the democratic system, ultimately benefiting both students and society.
